Bill to Bring Back Business Professional

Section 1. Findings:

A. Being leaders of our individual colleges, and The University of Alabama student body. We should dress to impress.
B. Wearing Business Professional allows us, as emerging leaders of the real world, to get used to a more common attire for work
C.
D. The first meeting of each month will be Business Professional for the Senate body
E. The Speaker of the Senate and Secretary of the Senate should have discretion to determine attire for each Senate meeting after the first meeting of the month

Section 2. Legislation Dressing Business professional brings a more mature and professional feel to the meetings, allowing for increased productivity.

Senators must wear business attire the first senate meeting of each month, and for formal Senate meetings and all special sessions of the Senate that the Speaker of the Senate and Secretary of the Senate deem necessary.
A Bill To Get Us Out Of Suits

Section 1. Findings:

A. The SGA Senate, in the 2016-2017 term, adopted a structure of alternating “Formal” and “Committee” meetings to give structure to what types of legislation would be considered each week
B. While the legislative aspects of this structure work well, there is also the requirement to wear Business Formal at each “Formal” meeting
C. Wearing Business Formal on weeks where the Senate has no special guests, and limited legislation on the docket is extremely unpopular amongst the Senate
D. To better this structure, the Speaker of the Senate and Secretary of the Senate should have discretion to determine attire for each Senate meeting

Section 2. Legislation

Chapter 500.4.1 Senators must wear business attire for all formal Senate meetings and all special sessions of the Senate that the Speaker of the Senate and Secretary of the Senate deem necessary.
Section 3. Copies
