FAC Guidelines
In order to ensure fair and equitable allocation of funds, the FAC uses guidelines, as well as, precedents for the funding of expenditures. Using these guidelines as a reference, committee members deliberate every request. FAC meetings are typically held on Monday nights; there are approximately six meetings per academic year. A list of the meeting dates, deadlines and forms can be found on the mySource page for Financial Affairs Committee (FAC) documents. FAC award amounts will be posted to FAC Accounts for viewing by student organizations by 5pm on the Friday following the FAC meeting in the mySource Budget system. FAC funding must be used as allocated within 60-days; any unspent funding will revert back to FAC. Allocation recipients should immediately notify the FAC advisor of any cancellations. If an organization spends funding allocated from the FAC on a program or event/activity and then does not execute the program or event/activity, the offending organization shall not be eligible for any FAC funding during the next fiscal year. Likewise, if an organization is allocated funding and they fail to use it, they may not be awarded funding the following academic year. However, if there are unavoidable or extenuating circumstances, the SGA VP of Financial Affairs shall have the ability to waive these restrictions, at his/her discretion.

Eligibility
All student organizations seeking funding from the Financial Affairs Committee (FAC) must be registered with The SOURCE for at least one month. Registration with the Source and completion of the online FAC Training must be completed each academic year. Only currently enrolled students of the University of Alabama are eligible to utilize FAC funding. UA faculty/staff expenses are not eligible.

STOP

The President or Treasurer of the organization must complete the online FAC Training prior to requesting funds.
